ENGLISH ONLY POLICY

At Hawaii Palms English School we uphold an English Only Policy. By speaking only English, you will have more opportunities to practice and develop your English skills, as well as to communicate with people from different backgrounds. We understand that only communicating in English can be challenging, but we have found that the environment created by following the English Only Policy benefits everyone.

By signing this agreement, you agree to speak English at all times upon entering the school facilities, not only in the classroom, but also in the lounge. This includes speaking on cell phones.

Students who do not abide by this policy may face expulsion. In such cases, refunds will be calculated based on the school's Refund and Cancelation Policy.

I have read and agree to abide by Hawaii Palms English School's *English Only Policy*.
